WAYNE COUNTY GIFTED PROGRAM

The Wayne Gifted Program is dedicated to implementing techniques and methods that apply constructivist practices through an active, inquiry-based, enrichment curriculum rooted in critical thinking and problem-solving. The Gifted Program's inquiry approach to gifted education promotes the development of social competency, communication abilities, thinking processes, aesthetic appreciation, and independence. The WGP staff has worked diligently to incorporate and support curriculum compacting, problem-based and project based learning. The WGP staff believes in fostering student involvement and cooperation, in addition to establishing a productive learning environment.

Technology-Based

MISSION OF WAYNE COUNTY'S GIFTED PROGRAM

It is the mission of the Wayne County Gifted Program to prepare students to achieve individual success; by learning to value and seek educational rewards, to strive for creative thinking and to incorporate 21st Century Skills to enhance their personal and academic lives. The implementation of this mission will be the goal of the Wayne Gifted staff, students, parents and the community.
